

## Socio-Economic Composition Report

Create a Composition Report for your station in *WO Media Sales* using Socio-Economic criteria. You can apply single or multiple stations, dayparts and/or base demos, and print or export the report to Excel.

To create a Socio-Economic Composition Report click **Research** > **Radio Research** and select **Socio-Economic Compostion** in the left navigation pane.

**Caution**: You may see different options under **Radio Research**. The list depends on what type of radio data is available for your station.

Click **New** and you will see the setup screen.

Caution: If this is your first time running this report in WO Media Sales, the options
 shown may appear grayed out. If so, just click on each report specification and make your
 desired selections. The system will remember your last used report specs, except the
 Socio-Economic criteria selection.

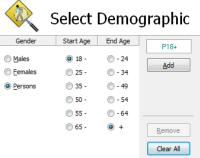

If you want to Clear All of the report specifications, just click the button to clear out your current selections.

If you click on the **Socio-Economic Indicators**, you will see the following selections. You may only select one at a time.

Due to Nielsen requirements, Radio Demos are limited in this report and begin at 18+, but you may select any demo, or combination of demos you find available. 12-17 is not a valid breakout for the Socio-Economic reports.

At this time, you can print to a local or network printer by clicking the **Print...** button, **Print with Acrobat** by clicking the button in the lower left-hand corner, or you can **Export** or **Send** (email) the report as another file type by choosing the options at the top of the screen.

You can also change the orientation of the report and/or change the font and header settings of the report using the options found in the left panel. **Landscape** is the ideal choice for this report if you have a very broad base demo selected.

You can also Export the Socio-Economic Composition to Excel by choosing the **Excel** button in the *WO Media Sales* ribbon.

A window will come up showing your last saved location. Select where you want to save your file, and give the Excel report a name.

After clicking **Save**, this dialog will appear. If everything looks correct, click the **Export...** button.

Excel will open and load your Socio-Economic Composition report. Now, you can **Print** from Excel if you would like.
